# Kes-Vir™ Incontinence Swimwear

Kes-Vir™ swimsuits were designed with functionality, fashion, discretion and comfort in mind.

**An important factor addressed is ease of wear so that the swimsuits can be slipped on easily. We also know that no two limbs are the same size, so we have made the leg cuffs and waist adjustable individually, so no more deep red indents around upper leg. The chlorine resistant fabric means the swimsuits last much longer. 'Kes-Vir™ swimwear is versatile and adaptable and specially designed for urinary and bowel incontinence.**

An attractive swimsuit that opens flat, so it can be gently wrapped over the body with tie fastening and hook-and-loop and slide-on hook-and-eye fastening plus tie string for second security.

- Two in one swimwear – Regular swimsuit outer shell with waterproof built-in swim nappy.
- Wide hook-and-loop fastening with nylon slide-on hook-and-eye with tie cord for extra security.
- Both waist and leg are adjustable.
- Designed for Bowel incontinence only.
- Snag and Chlorine resistant and UPF 50+.
- Machine washable and quick drying.
- Outer 79% Polyamide Micro 21% Xtra Life LYCRA® Inner PU coated 100% Polyester.
- Available in 7 sizes and 2 colours.
