ADVENTURE MOBILITY

The Nomad is a wheelchair attachment enabling people to explore more of nature without having to get a whole new wheelchair.

WHAT IS IT?

It is important to clarify that this is not a new wheelchair, this is an attachment for your normal wheelchair. The NOMAD is a carriage sporting large polyurethane balloon wheels that your wheelchair sits on top of allowing you much more manoeuvrability and stability on tough terrain.

KEY POINTS:

- / Low cost alternative to bespoke offroad wheelchairs
- / More stable on a variety of terrains due to balanced design
- / Highly manoeuvrable
- / Allows users better support compared to beach chairs such as the Landeez or Debug
- / The NOMAD is not only aimed at the beach but is designed to tackle a wider variety of tough terrain I.E. Snow, sand, soft grass, cobbles
- / Constructed of high-grade stainless steel to prevent corrosion
- / Collapsible to aid user friendliness
